

Minutes from semester group meeting with DE5 28th of October 2004

Present: Zhenyu Yang, John Skelmosse Jensen, Akbar Hussain  
Only 4 students present: Bassel, Torben, Stefan, Rasmus.

1. Minutes from last meeting approved without comments.

2. Courses:

Network and data communication, Methods for design, Digital signal process. These courses are all finished. No comments.

Operating systems, Signal process, Process control. These courses are not finished yet. No comments.

General comments for courses: No comments.

3. Projects

Group 540: We have put hardware together and start developing. Things go ok according to schedule.

Group 541: We have got the hardware and work with it. We are not as far behind as we were at last meeting.

Group 542: It is going ok, we have finished the hardware and work on programming.

Group 543: Not present. AH: The student should contact E-lab for equipment.

Suggestion for supervisor: Supervisor is recommended to send mail once a month to students, who do not show up or do not respond to mails in order to make the student react. Then it is entirely up to the student to react.

No further comments on projects.

4. Since last time/other things:

We will have a talk with the students with recommendation to show up to semester group meetings – Britta will do this.

The students asked for a meeting regarding further semesters after DE5 – Britta will arrange this with David very soon.

No further comments.

Next meeting 25<sup>th</sup> November

2.11.2004

Britta
